“Deciding with the people not for the people”

NOTICE

NYANDENI LOCAL MUNICIPALITY

INTEGRATED DEVELOPMENT PLAN 2006-2011 AND MTEF BUDGET

In terms of section 34 of the Municipal Systems Act 2000 as well as Municipal Finance Management Act of 2003, municipalities (after new councils are elected into office) are required to develop their 5 year IDP Strategy and Budget.

Notice is hereby given that Nyandeni Local Municipality will start IDP and Budget processes. This gives an opportunity to communities to inform the Council what their needs are for the next five years. The intention of the municipality is to have a Draft IDP and Budget (as a working document) tabled to Council on 31 March 2007.

Various strategies of ensuring community participation will be undertaken; however at the end IDP and Budget Representative Forum will be formed. The Representative Forum is the structure which institutionalizes and guarantees representative participation in the IDP and Budget processes.

Notice is hereby given that all interested role-players, organizations and communities at large are requested to participate in the IDP and Budget processes. Should your organization wish to participate in the IDP and Budget processes, nominate a representative and submit details to **Mr. G.N. Cekwana** at **047-555 0272** or cekwana.nazo@yahoo.com.
